The Annual Lock Anniversary Amount(s) shown will be reduced by any withdrawals taken before the segment maturity. Your Segment Maturity Value may be greater or less than the Annual Lock Anniversary Amount(s) shown due to future segment performance, subsequent withdrawals, or both.

Index Performance Rate & Annual Lock Yearly Return Percent may not be exact due to rounding.

Annual Lock Yearly Return Amount equals the Segment Investment multiplied by the Annual Lock Yearly Period Rate of Return for the first Annual Lock Period. For subsequent Annual Lock Periods, it equals the Annual Lock Anniversary Value multiplied by the corresponding Annual Lock Yearly Rate of Return. The Annual Lock Anniversary Amount is not credited to the contract, is not the Segment Interim Value and cannot be received upon surrender or withdrawal.
